PROPOSED PUBLIC SPACES PROTECTION ORDER:

Dog fouling and dog control – a consistent approach across Cheshire East

We are considering introducing a Public Space Protection Order (PSPO) across the Cheshire East borough to help us tackle dog fouling and dog control more effectively. We know that most dog owners are responsible and we thank them for their continued support in helping to keep our public areas clean.

Dog controls the PSPO would introduce

The PSPO would introduce two main requirements

- To ban dog fouling in all public places.
- To allow authorised officers to tell a dog owner/walker to put and keep their dog on a lead if necessary, for example, if their dog was showing aggressive behaviour.

We are asking for your views on the proposed PSPO for dog fouling and dog control across Cheshire East and we have now launched a public consultation which will run up until 12 noon on **10th October 2017**

Please find below a link to the consultation page which includes more information on our proposals and a link to the consultation, and also attached a poster that is being placed in our main public open spaces and parks over the next few days.
